

Resolution 01-2018TB

“Policy & Procedure Amendment” – revision to Resolution 07-2004TB Unexpected Supervisor Vacancy

To the Sevastopol Town Board of Supervisors:

Whereas, whenever it is deemed necessary to update the Policy and Procedures which establish the guidelines for the operation of the Town Board of Supervisors, such recommendation should be made by Resolution and approved by a majority of the Board,

And whereas, by recent action of the Board of Supervisors it was determined to amend the current Policy & Procedures by the changing of the following:

“Unexpected Supervisor Vacancy”

If the vacancy occurs, the position should be advertised with the intent of soliciting individuals wishing to be considered for appointment to the office of Supervisor. All potential candidates would be interviewed by The Town Board with selection and appointment on a majority vote of the total members participating.

Now therefore be it resolved, that the aforementioned become the Policy and Procedure of the Town Board and be followed in such vacant Supervisory position.
